

Cepheid GeneXpert® Controls

Microbiologics offers controls designed specifically for Cepheid GeneXpert® assays. Our quality control panels feature individually packaged, pre-mixed pools of inactivated control strains recommended by the instrument manufacturer. The organisms are dried onto a swab to mimic the processing of a patient sample.

Accurate, Reliable Results

- Recommended for routine QC
- Protects your reputation by providing documentation and assurance that the laboratory can consistently produce accurate results
- Improves daily workflow
- Ensures testing procedures and materials are working properly

Easy-to-Use

- No mixing required
- Individually packaged and color coordinated labeling to simplify use and avoid cross contamination
- One simple catalog number for fast, easy ordering
- Room temperature storage
- For *in vitro* diagnostic use (IVD)

INACTIVATED HELIX ELITE™ CONTROLS

Each panel contains six Helix Elite™ swabs of each positive and negative control, and features color coordinated packaging for easy identification.

Carbapenem-resistant Enterobacteriaceae (CRE) Control Panel (Inactivated Swab) - Catalog #8187

For use with the Xpert® Carba-R Assay

Cepheid Xpert® C. difficile Control Panel - Catalog #8200

For use with the Xpert® C. difficile and Xpert® C. difficile/ Epi Assays

Cepheid Xpert® CT/NG Control Panel - Catalog #8188

For use with the Xpert® CT/NG Assay

Cepheid Xpert® GBS LB Control Panel - Catalog #8194

For use with the Xpert® GBS and Xpert® GBS LB Assays

Cepheid Xpert® SA Nasal Complete Control Panel - Catalog #8196

For use with the Xpert® MRSA/SA BC, Xpert® MRSA/SA SSTI, and Xpert® SA Nasal Complete Assays

Cepheid Xpert® Respiratory Control Panel - Catalog #8199

For use with the Xpert® Xpress Flu and Xpress Flu/RSV Assays

Enterovirus (EV) Control Panel (Inactivated Swab) - Catalog #8190

For use with the Xpert® EV Assay

Group A Streptococcus (GAS) Control Panel - Catalog #8219

For use with the Xpert® Xpress Strep A assay

Norovirus Control Panel (Inactivated Swab) - Catalog #8205

For use with the Xpert® Norovirus Assay

Trichomonas vaginalis (TV) Control Panel (Inactivated Swab) - Catalog #8189

For use with the Xpert® TV Assay

Vancomycin Resistant Enterococcus (VRE) Control Panel (Inactivated Swab) - Catalog #8203

For use with the Xpert® vanA Assay

LIVE CULTURE KWIK-STIK™ CONTROLS*

QC microorganisms for Cepheid Xpert® assays are also available in live cultures. Each set contains the recommended strain in KWIK-STIK™ format.

- GBS QC Set (Live Culture) - Catalog #8164
- *C. difficile* QC Set (Live Culture) - Catalog #8171
- *Staphylococcus aureus* subsp. *aureus* derived from ATCC® 25923™* (MSSA Live Culture Positive Control) Catalog #0360MSSA
- *Staphylococcus aureus* subsp. *aureus* derived from ATCC® 700699™* (MRSA Live Culture Positive Control) - Catalog #0158MRSA
- *Staphylococcus epidermidis* derived from ATCC® 12228™* (MSSE Live Culture Negative Control) - Catalog # 0371MSSE

*Live culture QC strains are also available individually. Visit microbiologics.com to view all live culture controls.
